Snow White

| Snow White Collection

Snow white collection,

full-body pure white product of one stone with four surfaces, matching of multi-panel and multi-specification.

The product is made of high quality magnesium aluminum silicate, which solves the challenging problem of zirconium emission.

High-temperature slow-burning production process and fine polishing process make it possible for green and environment-friendly products with features of high compactness, wear resistance, anti-fouling, easy cleaning and skid resistance, endowing a healthy and vigorous product life.
